Three Youths Held In Morgantown Jail Make Charges

GANG ALLEGED TO BE SLAYER

Several Counties Aid In Search For Assailant

MORGANTOWN, Ky., Aug. 4.—(AP)—Members of an alleged bootlegging gang are being rounded up for questioning in connection with the sensational double murder Monday night of the Rev. Arch W. Moss, an evangelist, and Mrs. Jerome Cummings Johnson, a choir singer, during revival services.

Elbert Gary, 30, son of Gilbert Gary, is sought by Butler county officials, as the man who fired the shots which killed the evangelist, fatally wounded Mrs. Johnson and slightly wounded J. B. Young.

Sheriff Luther Tuck, in charge of the investigation, said that two of three youths under arrest had told him the shooting was done by Gary. Gary is believed to have left the county and city and county officers in various places have been enlisted in the search for the fugitive.

The three in jail are: Clifton Wilson, 21, his brother, Fred Wilson, 17, and a brother-in-law, Emmett Phelps, 60. They probably will be held until circuit court convenes August 16.

ETERNAL TRIANGLE BLAMED IN DEATH

The Unwritten Law Is Plea of Slayer In Birmingham

BIRMINGHAM, Aug. 4.—(AP)—The "eternal triangle" is blamed in the death today of B. B. Lucas, 27, of 3502 Tennessee pike, and the arrest on a charge of murder of H. R. Manning, 27, of the same address.

Lucas was shot four times as he stood on the porch of his home last night, shortly after nine o'clock. Removed to a local hospital he died within a few hours.

The statement from Manning in his cell at the city jail was to the effect he found his wife, Elise Manning, and Lucas together and that the shooting followed a short time afterward.

"My wife and I, with Mr. and Mrs. Lucas and Jim McCutcheon, had been sitting on the front porch during the early part of the evening," he said. "Lucas left, saying he was going to bed. Later my wife retired. It was sometime after this that I entered a room in the back of the house, finding them. Lucas then said: 'I might as well tell you now, I and I ran. The house is a duplex and he had gone through his side and was standing on the front porch with a pistol when I got there. I got my gun and shot him four times. Then I called the police. That is all there was to it.'"

Manning said he was married May 9, 1919. Three boys have been born to the marriage: Hubert, 7, James, 4, and Lamar 18 months. Lucas is survived by a widow and one child.

WAVE BROKEN

The heat wave was broken this morning by another downpour of rain in the Twin Cities. The thermometer, however, started climbing again as soon as the rain stopped.

RETURNS OF FOUR YEARS AGO INTERESTING TO VOTERS

Who Won And By What Vote Is Question Of Considerable Interest Just Prior To The Coming Primary

Who won? Everybody knows who won four years ago, but who is going to win on August 10, that's another story. Yet, considerable interest is manifest in the returns four years ago when Morgan was in a torrid political turmoil, succeeded only by the present activities.

The races of four years ago were more than ordinarily interesting, there was just as much campaigning and just as many promises, everybody was everybody else's friend.

For Governor, that was the headliner four years ago as well as today. Brandon received 3,805 in Morgan, Bibb Graves received 709.

For Lieutenant Governor, Charles McDowell received 2,971, Phillips had 913.

For Secretary of State: Henry C. West 1243, Walter F. Miller 1209.

For State Auditor: W. B. Algood 2013, William P. Cobb 1143.

State Treasurer: C. G. Brown 1763, George W. Ellis 1994.

Superintendent of Education: John W. Abercrombie 3193.

Attorney-General Harwell Davis 2665.

Associate Member Public Service Commission: Frank Morgan 2,020, Fitzhugh Lee 2532.

Chief Justice Supreme Court: John C. Anderson 3232.

Delegate for State Democratic Convention: John H. Bankhead 2574, J. B. Brown 2568, Alex M. Garber 2351. (Vote was cast for ten in this race, the three leaders are given.)

Congressional representative: Edward B. Almon 2,977.

Judge Eighth Judicial Circuit: Oscola Kyle, 2,099, James E. Horton 1942.

For Solicitor Eighth District: D. C. Almon 2571.

For State Senator Second Senatorial district: Melvin Hutson 3101.

Delegates to state Democratic convention Morgan county: H. O. Cline 2397, C. H. Chunn 3249; J. W. Jones 3032; John T. Kyle 3118.

Representative legislature from Morgan county: James A. Forman 2120; John Patterson 1957.

Judge Morgan County court: W. T. Lowe 2872.

For Solicitor Morgan county court: T. C. Almon 1971.

TOO MUCH RAIN IN SOUTHERN STATES DAMAGES COTTON

WASHINGTON, Aug. 4.—(AP)—The department of agriculture, summarizing conditions in Southern states for the week ended yesterday said that while temperatures were mostly favorable, over the cotton belt, there was too much rain in parts of the central gulf area in the southeast, with considerable damage in some southeastern districts.

In the western part of the belt rains were mostly scattered however, and conditions generally were favorable. Sweet potatoes, the department summary said, are making too rank growth in the southeast, but elsewhere are satisfactory.

The drought in the interior of the southeast was effectively broken during the week and truck and minor crops show marked improvement, while generally good advance was reported elsewhere.

Topping of tobacco is becoming general in Tennessee and beginning in the Burley area of Kentucky. Sugar cane made mostly satisfactory advance but the high winds and excessive rainfall in Florida caused some damage. The tropical storm caused extensive damage to the citrus crop in Florida.

FRUITING POOR IN ALABAMA

Alabama Conditions
Sweet potatoes, truck, pasture and minor crops mostly fair to good; effects of heavy to excessive rain on cotton not determined, though rains considered helpful in some counties; progress and condition mostly fair to good; shedding in scattered places; reports continue of poor fruiting; weevil and hoppers active locally; opening in many places of the south.

TYPHOID REPORT SHOWS INCREASE

With an increase in positive typhoid cultures, bringing the July total to eight positives out of 61 examinations, the Tennessee Valley Laboratory today made public the following report:

Percent of doctors 48; Typhoid: Widal Tests, total specimens 61, positive 8; negative 50, not examined 3; Blood Cultures, total specimens 12, positive 4, negative 8; Feces Cultures, total specimens 10, positive 3, negative 7.

SOME are old at twenty-five, some at fifty, some at seventy. Some NEVER.

Henry Ford, young at sixty-three, celebrated his birthday on Friday by exhibiting a small "air flivver," which he hopes to produce in quantities, at a price as low as his own Ford car or lower.

The midjet flying machine is planned for eighty-five miles an hour, weighs 350 pounds, has a wing spread of 22 feet, and a fifteen-foot fuselage.

It is a single seater, and five million young Americans will eagerly await the chance to get it. Ford hopes to cut the weight from 350 to 310 pounds by substituting a Ford-made two-cylinder engine for the three-cylinder French engine used experimentally.

Madison County Man Denies He Will Retire

John E. McEachin, of Huntsville, candidate for solicitor of the eighth judicial circuit, will remain in the race to the end and "no earthly power can get him out of the race," he declares in a published statement.

Publicity Rule Now Explained

Attention was called today to the rules covering the question of advertising on behalf of candidates in the democratic primary August 10. It was explained that publicity of candidates may be published on Monday, the election being Tuesday, but that such publicity must bring forward no new charges whatever against any other candidate, the intention being to prevent any last-minute allegations being made without time for the accused candidate to reply. The provisions of the statute on this score are very strict.

W. B. Bankhead To Speak Thursday

Congressman W. B. Bankhead will speak Thursday night at Malone Park in behalf of John H. Bankhead, senatorial candidate. This announcement is made today by friends of the Bankhead candidacy in this section. The address of Mr. Bankhead will be one of the features of the political rally at the park, expected to draw hundreds of people.

CHILD DIES

Little Onie Mae Miles, daughter of Mr. and Mrs. A. T. Miles, Albany route two, died yesterday afternoon at Benevolent hospital, following an illness. Funeral services will be held this afternoon at three o'clock at Raper cemetery.

McEachin Says He Will Stay In Race

John E. McEachin, of Huntsville, candidate for solicitor of the eighth judicial circuit, will remain in the race to the end and "no earthly power can get him out of the race," he declares in a published statement.

It Has Been Persistently Rumored In Political Circles That Some Effort Had Been Made To Get Mr. McEachin To Withdraw From The Campaign, Leaving The Race To Solicitor D. C. Almon, Incumbent, And John R. Sample, Of Hartselle.

Recently the Community Builder, published by Charles Lane, of Huntsville, was quoted as declaring that if both Mr. McEachin and Mr. Sample remained in the race that Mr. Almon's re-election is assured. The Community Builder spoke very favorably of the candidacy of Mr. McEachin when the campaign opened, but more recently has been displaying a leaning toward Mr. Sample.

In a card published in The Huntsville Daily Times, Mr. McEachin says: "McEachin believes that the people of this county and circuit are amply able and intelligent enough to decide things for themselves and that the people do not need or require any newspaper or man to dictate to them for whom they should vote."

KIWANIS TO MEET

Don't Blame The Rain On Ground-Hogs, It's Dogs

While you're cussing the weather man, groundhogs, and everything in general just remember that it is not the fault of anything of that nature—blame it on the dogs. Dog days, so the old adage goes, last forty days and when it rains on the first dog day why its going to rain every day for forty days. There is still another story in connection with the wet weather that is making raincoat manufacturers rich. It is said that when the sun crosses the equator there follows six weeks of wet weather. Take your choice, but keep your feet dry.

PATTERSON WAVE SWEEPING STATE; MANY VOTES WON

Word From All Over State Shows He Is Gaining

MANY COUNTIES ARE LINING UP

Speeches Are Gaining Strength To Local Candidate

Patterson sentiment, growing by leaps and bounds in every county in Alabama, is progressing at a rate so rapid as to bewilder old-line politicians in Alabama.

The present speaking tour of A. G. Patterson, Morgan's candidate for governor, has been a series of ovations from the Tennessee Valley to the gulf.

Tabulation of a few of the hundreds of telegrams of encouragement pouring into Patterson campaign headquarters in Montgomery today showed expressions from virtually every part of the state, indicating the Patterson strength is sweeping forward to victory.

A few of the letters and telegrams follow:

The tide has made such a wonderful change in this community that I cannot refrain from writing you the good news. I feel safe in saying that you are steadily gaining votes—the rural people are for you.

J. T. CLARK, Red Level, Ala.

Hon. A. G. Patterson, Headquarters—Morris Hotel, Birmingham, Ala.

You have materially strengthened your candidacy within the past three weeks by the very able and forceful manner in which you are presenting the principles for which you stand to the voters of Alabama. GERALDINE SECTION STARTS BOOM FOR ANDREW PATTERSON

The Geraldine section has started a solid boom in behalf of A. G. Patterson, Morgan's candidate for governor, according to C. I. Nichols, known over that section, in an interview published in The Gadsden Times-News.

People Of That Area All For The Morgan Man, Citizen Declares

"The people around here can't see anything else but Patterson and they are going to vote for him solidly. If there wasn't anything else to make them feel that way about it, the opposition to tying up the state's finances in road bonds, which every other candidate in the race is in favor of, would make them vote for Patterson."

"The people like the matter-of-fact way Mr. Patterson has gone about his campaign. He has been perfectly frank with the people from the very beginning of the campaign and he hasn't advocated a single thing which has not stood the attacks of the long political battle."

"His pay-as-you-go plan for building roads is the only sensible plan that has been advocated by any of them and the people simply are not going to vote for any sort of a bond issue. We don't know how we stand with the bonds that have already been issued."

"The people are not going to vote for any more of the kind of state government we have been having, and they know that things will be different with Patterson in office."

"Mr. Patterson is the only real business man in the race, and from the insight he has shown into the state's affairs, I am convinced that he's got a lot more use than any of them, and his past record has shown that he is a high type man who will do everything he ever says he will do."

"Not a single one of the other men has said a word about the way the people have been made to pay all kinds of prices for school books for their children. Mr. Patterson knew that this was one of the things that was taxing the people unmercifully, and if they make

URGENT CALL ISSUED FOR ALL CITIZENS TO ATTEND; VICTORY PROSPECT GOOD

Committee Of Business Men Says Time For Action On Part Of Cities Now At Hand; Every Resident Expected Be Present

A CALL TO THE CITIZENSHIP OF ALBANY AND DECATUR

The following members of a committee, named at a recent mass meeting of local citizens to conduct negotiations looking to the bringing here of a large industry, urgently request every interested citizen of Albany and Decatur to attend a mass meeting to be held tonight at 7:30 o'clock at the Y. M. C. A., at which time the result of these negotiations will be made known.

The opportunity now presented to Albany and Decatur to land this big industrial plant is so bright, the members of your committee feel that they cannot urge, too strongly, that you attend this meeting tonight. The time for action is here. If we act quickly, we have every reason to believe that our efforts will be crowned with success. We are counting on you to attend TONIGHT.

T. A. Bowles, A. H. Hoff, Clyde Hendrix, B. F. Martin, Charles Rountree, J. H. Smith, W. W. Fussell.

An urgent call to every citizen of Albany and Decatur to attend a mass meeting at 7:30 o'clock this evening, at which time it was believed definite plans would be mapped out for bringing a large industrial plant to these cities, was named some weeks ago at a meeting called by the Junior Chamber of Commerce, which initiated the negotiations.

The nature of the present status of the negotiations with the industrial plant heads was not made public today, but intimation was given that a frank discussion of the situation would be held this evening and it was hoped that a final decision could be reached.

Members of the committee, unofficially, expressed themselves as highly elated over the opportunity this presented to Albany and Decatur and expressed belief that the citizens generally would be elated also when the proposition is bared at tonight's gathering.

The negotiations have been pending for several weeks, following their initiation by the Albany-Decatur Junior Chamber of Commerce. When they reached the stage where the cooperation of all interests was necessary, the Juniors called a mass meeting, at which time the plans were laid before the meeting and the committee named to conclude them one way or another. W. W. Fussell was selected as chairman of the organization.

Since that time letters and telegrams have been going backward and forward between the local people and the heads of the big plant which desires to remove to the South. As the advantages of the Twin Cities, for location of the plant were unfolded in telegrams and letters, the heads of the plant more and more were inclined to select this point for their factory.

The negotiations now have reached a most favorable stage and it was believed that with the help of all citizens of the two cities at tonight's meeting, that he owners and directors of the plant may be induced to formally announce the location of their new Southern mill in these cities.

It was stressed that the owners of the plant have not asked for any contribution in money whatever. They desire that certain financial investments be made, at a very fair rate of interest. The company is said to have been given highly satisfactory ratings by rating agencies and eastern banks.

One member of the business men's committee, speaking today of the progress of the negotiations and the importance of tonight's meeting, said:

"Our hand has been called. The next move is up to us. If the good people of Albany and Decatur are not sufficiently interested to grab this bright opportunity for industrial expansion, our outlook for future growth is indeed dark. Frankly, I cannot believe that the people of Albany and Decatur will do less than continue to bend every effort to induce these manufacturers to locate their factory in our midst. It certainly is the civic duty of every citizen to lay aside personal engagements of only relative importance and attend this meeting tonight. There is no escaping that call of civic duty."

Absentee Votes Still Coming In

Many absentee ballots continue to be cast by Morgan County citizens who will be away from their polling stations on August 10. Ballots must be obtained, however, five days before the election.

HARRIS MOTORS CO. MAKES RAPID GAIN

Company Is Second In District In Deliveries

Harris Motors Company won second place in its district in a sales contest conducted during July, having delivered 24 cars during the month, exceeding the best previous month by eight cars.

Mobile won first place in the race, the district including the states of Alabama, Florida, Georgia and a section of Tennessee. There are 36 Dodge dealers in the district.

The district contest was a part of the national contest, conducted by the factory between the eight Dodge sales districts in the nation. The local sales force is greatly pleased over the showing made.

Expense Reports Are Filed Today

MONTGOMERY, Aug. 4.—(AP)—A. H. Carmichael, candidate for governor, in his pre-election campaign expense account, filed in the office of the secretary of state here today, shows that he has expended to date, \$9,475.28.

Colonel Bibb Graves of Montgomery, also a candidate for governor, shows in his expense account to date expenditures of \$6,575, and contributions to his campaign, made so far, amounting to \$7,301.75.

L. B. Musgrove, of Jasper, candidate for the United States Senate, shows expenditures to date of \$5,741.20.

Thomas W. Wert, Decatur, candidate for attorney general, \$2,175.63, including contributions of \$425.

him governor he will relieve this thing of people's paying all kinds of prices for the books their children have to use at school.

"He has just taken up each thing and shown how the state's problems can be solved.

"I notice some of the other candidates have come out just lately with statements that they will take the convicts out of the mines, because they saw it was popular. Mr. Patterson has shown, from the beginning of the campaign, if elected, he will take them out of the mines and put them on the roads, thereby saving the state more than a quarter of a million dollars a year in doing so.

"He proposes to make the railroads pay for a part of the education of the children of the state, and for the life of me I can't see why it has been that all this time the railroads in Alabama have been paying just about half of the taxes per mile that they have paid in the other states. Something has been wrong, and it will keep on being wrong if the people elect a railroad lawyer as governor.

"Mr. Patterson has taken every problem that the state has and he has shown how these things can be corrected, and the beauty about it is that he simply proposes to put the taxes where they belong, and there is no possible chance, under his plans, for the taxes on property to be increased.

"Putting great interest charges on the state might not raise the taxes on our farms now, but the property has got to pay for these things in the end and nobody knows what might happen in half the time before bonds could be paid off.

"The people in this neighborhood are going to give Patterson a big vote, and I hope they will vote solidly for him in every county in Alabama."

Mr. Nichols is a man who knows the people of his section, and the people of a considerable portion of this state know him as a man of sound judgment and widespread popularity.

COCHRAN DENIES PREDICTING PRICE

Admits 'Enthusiasm' Over Outlook For Prosperity

NEW YORK, Aug. 4.—(AP)—Thomas Cochran, partner of J. P. Morgan and Company, bound for Europe on the Olympic, radioed to the Morgan firm today a repudiation of the alleged interview in which he was quoted as predicting an advance of 100 points in General Motors stock.

"In response to inquiries made of me, by ship news reporters, upon my sailing from New York on a holiday," Mr. Cochran said, "I spoke with enthusiasm of the earnings, management and prospects of the General Motors Corporation. I authorized no statement of any kind as to the future price of the stock, which obviously no one can foretell."

BOOTLEG WAR HAS TOLL OF 2 DEATHS

Two Men Shot Down In Hotel Lobby By Trio of Men

LOS ANGELES, Aug. 4.—(AP)—Two men were shot and killed here early today in what police believe was the outbreak of a bootlegger's war.

A man, identified as E. Munson, was shot and killed almost instantly while sitting in the lobby of a fashionable residential hotel. Harry Moran, who was talking to Munson, also was shot and died two hours later.

About 20 guests were in the lobby when three men entered and began shooting. After killing Munson, his assailants removed his body in an automobile and deserted it several blocks away.

Candidate Dead In Auto Wreck

BIRMINGHAM, Aug. 4.—(AP)—Lucius J. Thomas, candidate for tax collector of Walker county, was killed early today when his automobile plunged over a 30-foot embankment, three miles from Pratt City.

Mr. Thomas was hurrying from his home in Jasper to Birmingham in a light coupe. Passing motorists found the overturned machine. The man died while being removed to a hospital.

Mr. Thomas was 55 years old. Funeral and burial will take place at Jasper tomorrow.

To Know You Are In Position To Enjoy Good Health Says Springfield, Ill., Man.

"I am very happy indeed to be able to tell you that I am enjoying the best of health today, and I feel that I owe a great deal to your remarkable remedy, Herb Juice as it is wholly responsible for this improvement." This was part of the gratifying statement made recently to the special demonstrator at Claypool's Drug Store by Mr. M. J. Ritter who resides at 214 South 4th St., Springfield, Ill.

In continuing his statement, Mr. Ritter said "I know just what it means to be in general rundown condition. I am an automobile mechanic and my work is rather strenuous. I was unable to do any work on account of this condition; was dreadfully constipated which made me to have gas on the stomach; had no appetite and was very restless at night. I became interested in the testimonials which you have been running in our local papers and decided that it was possible for me to obtain relief from these ailments as other people had done so through the use of your great remedy. And I am very happy indeed to tell you that your Herb Juice has done its work well. It has entirely relieved me of constipation as well as that run-down condition and I now have a wonderful appetite and go to bed at night and sleep the whole night through and get up in the morning feeling refreshed and fit for my day's work. I have gained five pounds since taking your Herb Juice and I feel like a new man. I feel it my duty to make this public statement so that others suffering as I did may have the opportunity of gaining the great relief which I did. GREAT SWING TO CHARLES S. McDOWELL

Voters Facing Responsibility of Casting Ballots Are Coming Out Strong for McDowell, Good Roads, Low Taxes and No Tax Adjusters

Carmichael's Undisputed High Tax Record Costing Him Thousands of Votes Throughout Alabama

"SCHOOL BOOK RING'S" POLITICAL CAPERS GRAPHICALLY PORTRAYED FOR TAX PAYERS

With Good Roads the Predominant Issue and McDowell the Advocate of the Only Logical Plan—The Cry is "McDowell"

"McDOWELL THE WINNER" WILL BE THE VERDICT AUGUST 10th

VOTE FOR THE WINNER

CHARLES S. McDOWELL, JR., The Good Roads Candidate for Governor

By the thousands voters all over Alabama are swinging to McDOWELL, GOOD ROADS AND PROGRESS. As August 10th nears it becomes more apparent each day that the nomination of Charles S. McDowell as Governor is virtually a certainty. With all the opposing candidates fighting McDowell and conceding his big lead, little speculation need be indulged in as to who will be the winner. Each opposing camp says its "McDowell and our man." What more proof is needed as to who it will be on August 10th?

The thousands of daily accessions to the McDowell ranks testify to the state wide clamor for GOOD ROADS and continued LOW TAXES. These new additions prove the voters of Alabama are reasoning things out for themselves. They see in McDowell a leader who will "measure up"—a Governor who will advance the State's development and prosperity and not retard its growth by high taxes and no highway construction. McDowell is the peer of any man in the race and is not "too big" to meet the humblest citizen on the friendliest terms.

ROADS

The McDowell plan is the only plan that will build roads NOW without burdening the tax payers. The person who uses the roads will pay for them—tourist as well as resident. They will pay on the same basis and all will pay. No under-assessing or tax-dodging of a gasoline tax.

The McDowell plan of building highways will get results NOW and for all the Counties of the State—no other plan will. Study the various proposals and you will find the McDowell plan is the logical plan.

The salient features of the McDowell plan are: (1) Alabama's needed roads and bridges shall be built by a \$75,000,000 bond issue. (2) NO PROPERTY TAX for building roads. (3) The bonds shall be paid by a 3c per gallon tax on gasoline. (4) Bonds can only be issued as the income from the gasoline tax is sufficient to pay the interest and set up a sinking fund. (5) Each County shall be constitutionally guaranteed the amount needed to construct its trunk line roads. No County shall get the money rightfully due any other County. Thus the small Counties are assured of their roads.

PRESENT GASOLINE TAX

McDowell is the only outstanding candidate for Governor who is staunchly in favor of the Counties keeping the present 2c gasoline tax with which to build lateral or side roads. He is unalterably opposed to the plan to take this money away from the counties and put it in the state treasury.

CARMICHAEL FAVORS PROPERTY TAX

The Carmichael idea for road building, according to his chief supporters, embraces a tax on property. By such a plan the home and farm owner will pay for the roads for the auto owner, while the auto owner, as such, will pay nothing. Thus the Alabama farmer and home owner is taxed to provide roads for the wealthy tourist from another State to burn up with his shimmering limousine! That's unfair. Carmichael did not favor the \$25,000,000 bond issue which has already about built 2200 miles of roads in Alabama.

Carmichael's big daily (remember his attacks on them until he "got" one) The Birmingham Post and its imported Editor (The Post is owned by Ohio and New York millionaires who no doubt anticipate the pleasure of visiting their non-property owning newspaper, in their high-powered cars without paying the "50c per tankful" gasoline tax) says Carmichael favors a property tax for building roads. Here is his plan as set forth in The Post:

"In opposition to the dangerous program of McDowell, Carmichael proposes a moderate bond issue to be spent by an acknowledged engineering expert—some man like General Sibert—and to be supplemented by revenue from a moderate gasoline tax.

"He proposes, in addition, that PROPERTY SHALL PAY ITS FAIR SHARE OF HIS (CARMICHAEL'S) PROGRAM." Caps are ours!

Farmers and Home Owners of Alabama, do you want to pay the full cost of roads for joy-riders, tourists and the ever-increasing bus traffic now using the highways of the State? That is the Carmichael plan. The other two candidates have no plans worth considering. McDowell's plan makes those who use the roads pay for them. If you buy no gas you pay nothing for the roads.

TAXATION

McDowell is opposed to any increase in taxes—whether by a raise in the assessment values from 60% to 100%; by burdening the tax payers with new taxation plans or fancy tax schemes or by inflicting the Tax Adjusters upon the people again to harass them to death.

You Farmers are right now producing the most expensive cotton crop in years—do you want Tax Adjusters restored to further increase your costs?

You Bankers have advanced more on an average, on this year's crop than in many years—do you want Tax Adjusters restored to lay still further taxes on your borrowers, thereby making it vastly more difficult for them to repay you?

You Merchants have more uncollected accounts on your books than in years—do you want Tax Adjusters set up in the land to make those credits more hazardous and doubtful of payment?

A vote for Carmichael is a vote for Tax Adjusters. He is the Tax Adjuster's friend. He led the fight in the 1919 Legislature for the creation of Tax Adjusters. Can you expect him to do differently should he have another opportunity? Does the leopard change its spots? No, and neither does a High Tax Man change his tax views.

IT'S McDOWELL THE LOW TAX MAN OR CARMICHAEL THE HIGH TAX MAN.

HERE IS THE TAX RECORD OF BOTH MEN:

(From the Records of the Alabama Legislature)

CARMICHAEL voted for Tax Adjusters in 1919. (The Farmers haven't forgotten that the Adjusters practically doubled their taxes.)

McDOWELL voted AGAINST Tax Adjusters.

CARMICHAEL voted FOR Income Tax in 1919.

McDOWELL voted AGAINST IT.

CARMICHAEL voted FOR an Inheritance Tax in 1919.

McDOWELL voted AGAINST IT.

CARMICHAEL voted FOR a Dog Tax and voted to exempt power companies from paying any taxes in 1915.

McDOWELL was not in that Legislature.

CARMICHAEL voted for every bill that raised taxes while he was a member of the Legislature.

CARMICHAEL advocated the proposed soft drink tax in the 1919 Legislature.

CARMICHAEL is the School Book Ring Candidate. (This means more and more unnecessary school books every year.)

CARMICHAEL wants to tax homes and farms to build roads and for every other purpose.

CARMICHAEL favors high taxes and more taxes. He is a high tax man.

If you want low taxes and prosperity through continued development throughout the State, Vote for McDowell. Alabama taxes are high enough.

THE SCHOOL BOOK RING

No more onerous, or onerous, burden rests upon the shoulders of the tax payers of Alabama than the utterly unnecessary burden placed there by the School Book Ring. The burden of so many high-priced school books. It has gotten to the point where school books now cost more in one term than they formerly cost in ten—Changes every year—New books to take the place of last season's books which were just as good—The same books with a few minor changes, so the old ones cannot be used over—Supplements, Oh! those supplements! The utter uselessness of it all. But Alabama is in the clutches of the School Book Ring and the Ring demands its tribute. The patient tax payer must dig and dig and dig for the wealthy School Book Ring. It's not fair or necessary. Charles S. McDowell will put a stop to all this. Charles S. McDowell studied the good old "Blue Back Speller" and McGuffey's readers. He knows the present day system with hundreds of books, few of which are ever gone entirely through by any scholar, is not only unnecessary but criminally so. It should be stopped. It should never have been started. Charles S. McDowell will stop it.

A. H. Carmichael is the proven friend of the School Book Ring. He is a member of the State Board of Education and he has been for years. This is the body that is responsible for saying what books shall be used in the schools. This is the body that put the school book load on the people of Alabama. Have you ever heard the voice of A. H. Carmichael raised in protest against this scheme for robbing the people? No, and you never will. He favors it. He is FOR his friends, the School Book Ring, as AGAINST THE PEOPLE whom he once said "could not be trusted." He is the hand-picked candidate of this School Book Ring for Governor. His election means still more and still higher-priced school books. Do you favor that? No indeed you don't!

Do you favor a "school machine" that provides shorter school terms for the children of Alabama over a four year period (1922-1926) with \$64,000,000 at their disposal, than they provided over a similar period (1918-1922) with \$45,000,000? What became of all this money? Do you favor a "machine" that uses \$20,000 to expend the remaining \$80,000 of the annual school revolving fund of \$100,000? Twenty per cent for spending your money.

For the past four years approximately \$65,000,000 has been raised in the state for Education. What has gone with the money? Carmichael is a member of the state board of education charged with the business of administering this fund. Here is a sample:

The legislature appropriated \$100,000 to be divided among the rural counties for the extension and betterment of their schools. The records in Montgomery show that for one year from October 1, 1922, to October 1,

1923, Carmichael's Board spent \$15,737.58 to distribute this fund. Elect McDowell your Governor who will demand and see that the money reaches the children and is not eaten up by office expenses.

Carmichael "Volunteers"—or School Ring Conscripts (?)

You hear much of Carmichael's "volunteers." Well they are the school people, the folks you pay, whom the School Book Ring is able to dominate or intimidate. They are the County Superintendents of Education in many of the Counties. These Superintendents are appointed by the County Boards of Education under the watchful eye of the State Board. This plan was adopted to "keep them out of politics." Bah! It was adopted to deny the people the right to elect the director of their own educational activities, so he could be named and controlled by the School Book Ring. "Keep them out of politics!" Such hoakum! Numbers of county Superintendents over Alabama are actually managing Carmichael's campaign in their respective counties. This looks like "keeping them out of politics!" Some of them are soliciting the voters of their county on county paid-for stationery, to vote for Carmichael. (We don't know who paid for the stamps!) This looks like "keeping them out of politics." Many of them are stamping the State in behalf of Carmichael. Some more "keeping them out of politics!"

The opinion is growing in Alabama that the best way to keep County Superintendents of Education out of such politics is to have them elected directly by the people of Alabama, thereby making them answerable to the people of their counties and not subject to the control of the School Book Ring.

The Ring's idea of what to do with your school money is to start at the top and go down. Charles S. McDowell's idea is to start at the bottom and provide a nine months school for all children in all counties, more pay for the teachers, better common schools and equipment—and then go up! Carmichael stands four-square against McDowell's plan.

Carmichael is a High Tax man. Carmichael is a Tax Adjuster man.

Carmichael is a School Book Ring man.

McDOWELL IS OPPOSED TO ALL THESE INIQUITIES.

GRAVES

Graves' lack of a constructive platform long ago removed him as a contender. In 1922 he carried but one county against Brandon—his friends hope he will do as well this year. What he will do in 1930 remains to be seen!

CANARDS

Beware of last minute canards—eleventh hour political lies! Be not deceived by such. The McDowell campaign has been conducted cleanly all along; it will be conducted cleanly right to the end. Already several deliberately untrue and dirty pieces of work have appeared in Comer-Thompson Press. Be on guard against such tactics.

McDOWELL—The Winner

The great swing to McDowell is growing in momentum. Look around you—it's "McDowell!" Everywhere it is "McDowell!" Men supporting other candidates admit it's "McDowell!" You've heard them! IT IS McDOWELL! Fifty-one probate judges out of 67 are supporting McDowell. McDowell is the winner—he will win in a big way. He will carry fifty counties. Many of them by big majorities. The people want roads NOW and Schools—They want an administration that will advance Alabama—They want "McDowell!" and they will say by their votes on August 10th—"Alabama will take no backward step—we are for McDowell for Governor!"

McDOWELL will build roads NOW.

McDOWELL'S record proves him to be a Low Tax Man.

McDOWELL is opposed to increasing the tax payers' burden—he opposes raising property valuations from 60% to 100%.

McDOWELL will provide nine months schools and stands for fewer and better school books, and more pay for the teachers. McDOWELL is against Tax Adjusters.

McDOWELL will stop convict leasing.

McDOWELL stands for strict enforcement of all laws and no modification of the prohibition laws.

Everybody gets a tough break occasionally, but most of us tell everybody else about it.

Patterson gains over the state, little news of the other aspirants for that honor.

New Jersey authorities, in their investigation of the Hall-Mills murder mystery, evidence a belief in the adage "Better late than never."

Bootleggers are proving good enforcement officers in New York. Seven hundred are dead as a result of drinking poisoned booze.

Jack Dempsey is reported ready to risk his revamped nose in the ring again. Jack thought the ex-service men of America felt harshly toward him when he fought Carpentier, but wait until he mixes punches with Tunney, the ex-marine, and Jack will find how strong public opinion can be.

Five Chicago gunmen are reported to have been in Atlanta when an investigator for the Solicitor General was shot to death in a well known hotel. The Chicago Tribune please copy.

The cross of C. T. Wright, Associated Press telegrapher in New York, is heavy. While he was copying a story of an automobile accident, the list of dead contained the names of two of his sisters.

John Garrison, one of the American Telephone and Telegraph Company's most popular employees, has returned here for a short visit, and the hundreds of his friends are according him a cordial welcome. Mr. Garrison has the hopes of all of his Twin City acquaintances for a most successful career in Florida, where he is stationed now.

LONG DELAYS IN COURTS WILL NOT STEM WAVE OF LAWLESSNESS IN U.S.

The state of New Jersey has designated special counsel to probe the mysterious slaying of Rev. Hall and his choir singer, Mrs. Mills, four years after the bodies of the couple were discovered in a lonely farm yard.

When such delays as these are encountered in the investigations of crime, is there any wonder that criminals are willing to "take a chance" to gain their desired ends? Is there any wonder that Solicitor General Boykin, in Atlanta, is able to say, probably with some truthfulness, that there were several Chicago gunmen in Atlanta on the day that his special investigator was shot to death? Is there any reason for surprise that an Ohio editor, who dared to demand an end of crime in his community, should be shot to death at his home?

There are several kinds of criminals. Some become criminals through ignorance, others through ignorance, others through carelessness, and a few because of impulse. These are vicious enough, but the worst of the entire lot is the criminal who has become such because he (or she) realizes that

in crime there is an opportunity to make an easy living, providing one isn't caught and punished. To deter this large and growing class from entering a life of crime, the certainty of speedy and sure punishment is necessary.

An article in the press several days ago told of the experiences of a defendant arrested in the District of Columbia on a charge of murder. The defendant was held some seven years and finally released because most of the principal witnesses either were dead or had removed to other sections. What kind of justice was that? If the defendant was guilty he certainly escaped with a light punishment. If innocent, he surely was mistreated.

Occasionally one hears of a court which hastens defendants on trial on capital charges. Actions of that nature will do much to curtail the tendency to commit acts of lawlessness. If the juries of the nation will co-operate to the extent of punishing criminals with a degree of justice, then some progress will be made toward checking the crime wave.

So long as we are content to wait four years before completing the investigation of murder mysteries, just so long may we expect persons of smart intellect, but low morals, to take advantage of the situation to commit outrages against the peace and dignity of society.

"SINGLE SHOTTING" NOT PERMITTED IN THE DEMOCRATIC PRIMARY

It has been said before, but the warning to voters that "single shotting" will not be permitted in the August democratic primary will bear repeating. Some voters do not seem to be aware of the fact, even at this late hour.

By "single shotting" is meant the casting of a ballot for one candidate when two or more are to be elected. In other words, using the legislative race for an illustration: There are several candidates in this race and two will be elected. It will be necessary for every voter casting a ballot in this race to vote for two candidates. Ballots cast only for one candidate will not be counted. The voting of a second choice is optional, but "single shotting" is barred.

WILL BRANDON EVER BE ABLE TO RETRIEVE HIS POLITICAL FORTUNES?

After a fashion the sight of "Plain Bill" Brandon, present and soon-to-be past governor of Alabama trudging manfully up and down the state, crying aloud a solitary defense of his administration of the affairs of the state, is a pitiful one.

Few figures ever flashed across the political horizon in Alabama more brightly for a time than did "Plain Bill." In his first race for governor of Alabama, he polled what was a flattering total. In his second race, his majority was even more flattering.

Brandon entered office with prospects bright that his service as governor would be but a stepping stone to the senate, if he desired to continue his record of political achievement which had taken him from the probate judge's office in Tuscaloosa county to the chief executive's desk in Montgomery.

As he ends his term, instead of being in the thick of the senate fight, we find "Plain Bill" busy going over the state defending himself from the rising tide of popular resentment. Tough luck, "Bill." You have many likable qualities, but remember "many are called, but few are chosen."

THE DAILY HOPES LEGISLATURE WILL ACT TO PROTECT MOTORISTS ON STATE HIGHWAYS

While Alabama voters are engrossed in the subject of roads, The Daily hopes that they will not forget to exact from legislative candidates a pledge that when next the lawmakers meet that legislation will be adopted giving a greater degree of protection to motorists on the highways of this state.

The Daily hopes that the legislative candidates will pledge themselves to enact a statute with teeth in it, requiring all vehicles on state and county roads to display lights of sufficient visibility to meet the necessary standard of safety.

Motorists all over the state are familiar with the problem in driving presented by unexpectedly encountering a wagon, a buggy, or sometimes another automobile, traveling without any light whatever to designate its position.

Think of the number of accidents which might be prevented, were the penalties for violation of this provision so stringent that none would care to violate that law. Motor car owners and drivers are paying the largest share of the cost of road building in Alabama and it is nothing but justice that they should receive every degree of consideration possible.

Surely a request that all vehicles be made to display lights on the roads at night is not asking too much, nor more than the Legislature of Alabama should give to automobilists.

AMERICAN TOURISTS ARE LARGELY RESPONSIBLE FOR THE INSULTS

American tourists complain because they are not treated with proper respect in France. Across the channel, in England, it has become necessary for some of the English merchants and hotel owners to begin a campaign to bring an end to the wave of hatred being engendered in some circles because of the war debt settlements.

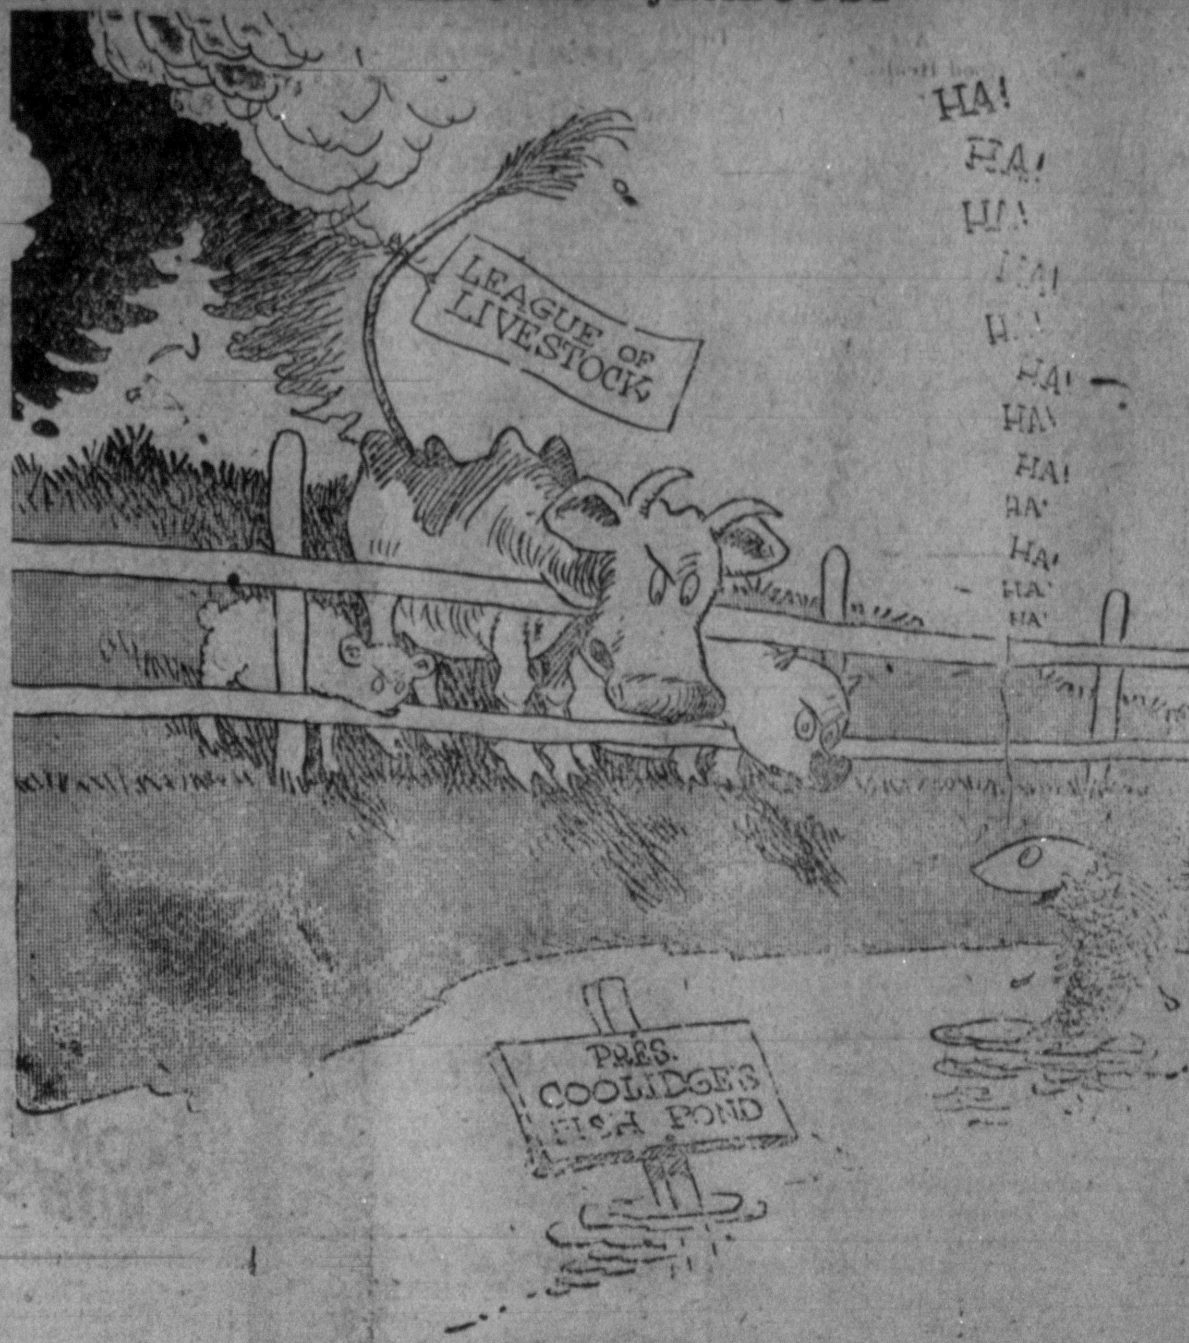

England's case is far different from that of France. In the latter country, the Americans themselves have been guilty of bringing most of their troubles down upon their own heads. A number of instances have been reported of American tourists using the French franc as we would use advertising stickers. Such disrespect could hardly be expected to result in anything but antagonisms. If Frenchmen were to conduct themselves that way in America, we would resent it and the French are as patriotic as we are.

England has no such excuse for feeling bitterly toward America, however. One large newspaper publisher has been accused of having struck some verbal blows at the United States in an effort to help his friend Poincare in a favorable debt settlement. That may or may not be true, but the action of the English conservative and thinking classes in attempting to end the antagonisms against Americans is a sane move.

Undoubtedly there are many nations and many races which would welcome a break between the two great English-speaking nations. Any rift in that friendship would be cordially received by them. The best thought in America and the best thought in England, however, will not stand for their tactics.

If Americans will behave themselves in France, the English people may be depended upon to overcome whatever impulse to be discourteous which might arise out of the present situation.

PROFESSIONAL JEALOUSY

Voice of People

Editor, Daily,
Albany.

Dear Sir:
I thank you again for space under "Voice of the People." It is with no desire for publicity that I avail myself of the opportunity to use it. I have always hesitated to speak out when others better qualified than I could do so. I do so this time because I believe in the people of our state; I have a perfect right to believe in the common folk because it is to that class I belong. I believe that to a great extent we who grew up under the clap-board roof of a little log house with its stick-and-clay chimney where the red mud cracked, and the sticks burned through, have been our own greatest hindrance to progress that affected most of all ourselves; it has been because we have not understood. We ourselves by whom the public schools have been most needed have all too often profited least by them. For this reason I am glad to be given space for a few letters on the general system of our schools. This time:

THE COUNTY BOARD OF EDUCATION

The people are to select five persons as members of the county board of education—persons "of good moral character, with at least a fair elementary education, of good standing in their respective communities, known for their honesty, business ability, public spirit and interest in the good of public education." The people have a right to demand men of the foregoing qualifications and should select such.

The people, through the law, charge these men with the administration and supervision of the schools in the county, so far as the county as a unit is concerned.

These five men should be big enough—

1. To see the county as a whole.
2. To see that each community suggests for their legal approval, its best citizens for its local school board.

MERCHANT TAKEN SERIOUSLY ILL

D. W. Speake Drops to Street On Way To His Work

D. W. Speake, prominent business man of this city is resting well at his home today. Mr. Speake fell to the street Tuesday morning when he started for his store, located on Second avenue. Dr. J. Y. Hamill and Dr. W. P. Baugh were summoned on the case and examinations have been made to determine the condition of the well known Albany merchant. While Mr. Speake's condition is considered serious, it is not believed that the illness is necessarily dangerous.

The local merchant has hundreds of friends throughout this section who will watch his progress in the illness, he having been a pioneer in this territory.

3. To co-operate with these local trustees and people interested in placing the most suitable teacher in the local school.

4. To see that the remote little one-room school gets as long term from public funds as does the best one in the county.

5. To see that the teacher in this little school gets as good, if not better, salary than she would in the more favored district.

To do these things and the thousand and one other duties given the board takes more time than they can give, hence the law empowers them to hire a person as county superintendent of schools—another name would be better for he has practically no power but to recommend to the board—but tomorrow

The County Superintendent of Education.

Yours for our schools,
EARL M. HODSON,
County Supt. Education.

EMBARRASSING MOMENTS

Negro Riddled By Posse's Bullets

SHREVEPORT, La., Aug. 4.—(AP)—Johnnie Norris, negro, 24, alleged assailant of a 10-year-old girl yesterday, at Lachute, Red River parish, was riddled by a fusillade of shots from a posse of armed citizens early today in De Soto parish, a few miles west of Lachute. Norris was surrounded in a cotton field by the posse and shot while attempting to escape.

generally heavy build, draped in loose clothing, spread out on a divan, or languidly beating a tom-tom to attract your attention and your time.

Kemal Pasha has changed that. Fatima in this day's Turkish news has bobbed hair, wears men's clothes, two revolvers and two daggers, and directed a band of men terrorizing villages in the Taurus Mountains. It's a long step from the harem and the chief eunuch to female big-haired banditry.

CALLES, the Mexican President, evidently believes he has enough Mexicans with him to put through his anti-Catholic legislation. He can not have a majority, since an overwhelming majority of Mexicans are Catholics. Possibly he thinks there is enough fighting power in his minority, which includes organized labor, to carry through his plans.

TO criticism from Rome and elsewhere, Calles replies by deporting the Pope's envoy, as an "inconvenient."

Pope Pius still refrains from placing Mexico under an interdict, although that step is urged to concentrate attention on the Mexican situation. Monsignor Crespi, the Pope's envoy, deported, Italian by birth, an American citizen, will come to New Jersey.

Washington reports that this government will make no representations to Mexico in connection with laws forbidding religious teaching in schools and confiscating church property. No property of American citizens being involved, it is said there is no cause for intervention by the United States.

Protestant denominations take different views of Mexico's fight on the Catholic Church. A weekly newspaper published by Protestant Episcopal authorities denounces Calles as an enemy of religion, and asks Episcopalians to pray with Roman Catholics against the Mexican church laws.

ON the other hand, Bishop

George A. Miller, resident bishop of the Methodist church in Mexico, in a statement issued through the board of Methodist missions, describes President Calles and his laws against the Catholic church as "heroically facing a difficult situation." According to the Methodist bishop, Calles is fighting a century of effort by the Catholic church to gain political control of Mexico.

THE London Times wonders what Mexico can gain by stifling religion. The overwhelming majority of Mexicans being illiterate, deriving "their only ideas of morality and religion from the Catholic Church." The Times wonders that Mexico should deprive these people of their one controlling influence.

THE Interstate Commerce Commission says the Rio Grande Railroad was wrecked by stupid financing, not dishonesty, perhaps. Casually it is remarked that the wreck wiped out the life savings of many. Wrecking roads and wiping out savings is the American habit. Ask the widows that had all their money in the New York & New Haven road when high finance wrecked that. Ask those that had their money invested in New York's Interborough Company, managed in former days by as thorough a gang of scoundrels as ever scuttled a ship or cut a throat.

HIGH finance, with a solemn tear in each eye, says National Government is unfit to run railroads and municipal governments are unfit to run street car lines, because they don't know how. They certainly couldn't compete with private ownership in railroad wrecking.

Admiral Dewey Said Damn the Torpedoes

When his flag officer reported that torpedoes were in the path of the American fleet at Manila Bay, Admiral Dewey said, "Damn the torpedoes. Go ahead."

The big daily newspapers are trying to torpedo the Peoples' candidate for Governor. They are trying to dominate Alabama politics.

DO YOU FAVOR NEWSPAPER DOMINATION?

Each big daily paper has chosen a candidate for Governor. Each has adopted a political child. Each of them are now demanding that the people of Alabama rubber stamp its action. What kind of a State will Alabama be if the big daily papers name the next Governor?

DO YOU WANT ALABAMA RUN FROM A NEWSPAPER OFFICE?

If you want Victor Hanson to run Alabama—vote for McDowell. If you want Frederick I Thompson to run Alabama—vote for Patterson. If you want B. U. L. Connor to run Alabama—vote for Carmichael. If you want your Governor to run Alabama from the Governor's office, free from newspaper domination—vote for Bibb Graves.

NEWSPAPER DOMINATION THE QUESTION

You are paying the big daily newspapers for news and you are not getting it. The Age-Herald's policy is to print nothing but Patterson propaganda. The News confines itself to mumbblings about McDowell and \$75,000,000. The Post croaks about Carmichael. You can't get the truth about politics from the big daily newspapers. Each one is trying to make you believe that its candidate can beat some other newspaper candidate. They are so anxious to control the Governor's office that they have practically ignored all other races.

THE PEOPLE ALWAYS BEAT THE BIG PAPERS

All of the big daily papers put together could not elect a congressman from Jefferson County. All of them put together could not elect a President of the Commission of Birmingham. The people were aroused in time to protect their interests. They will be aroused again. They will not let these big papers stage a comeback in the Governor's race.

KNOW THE TRUTH AND THE TRUTH WILL MAKE YOU FREE

Bibb Graves will carry 39 counties, having a total vote of 168,000. Bibb Graves will run second in 15 counties having a total vote of 52,000. Bibb Graves will run third in 10 counties having a total vote of 18,000. Bibb Graves will run fourth in 3 counties having a total vote of 5,000. BIBB GRAVES WILL GET MORE THAN 95,000 FIRST CHOICE VOTES. BIBB GRAVES WILL GET MORE FIRST CHOICE VOTES THAN ANY BIG NEWSPAPER'S CANDIDATE.

THE PEOPLES' CANDIDATE

Bibb Graves is the only candidate that will cut the wires running from the big daily newspaper offices to the Governor's chair. A vote for Bibb Graves is a vote to break up newspaper domination in Alabama.

THE PEOPLE ARE FOR BIBB GRAVES. THEY ARE ENOUGH

Very respectfully,
Z. L. PARKER.

It looks good down here for Patterson, in Butler, Crenshaw, Pike, Escambia, Baldwin, Covington, Conecuh, Coffee and Geneva. I believe he will carry 55 per cent of counties South of Montgomery and you know north Alabama will give him a decisive lead. (Written from Enterprise, Ala.)

E. E. McCALL,
(Traveling Man).

I believe, without a doubt, that Patterson will carry Etowah, Marshall, Cullman, Cherokee and St. Clair counties by a good majority. Reports from DeKalb are that he is gaining rapidly there while we hear from Blount that he seems to be the outstanding candidate for governor in that county. If he has gained as rapidly in other sections of the state as he has through this part of north Alabama he will be the nominee on August 10, and he should be, as he will steer the ship of state in a safe, sane and business-like way instead of promising to saddle it with a big bonded debt as all three of his opponents promise to do.

J. L. MEEKS, Publisher
The Gadsden Times.

The speeches you made on your recent tour through Calhoun county, outlining your platform, have brought many favorable remarks from those who heard you, indicating that your following has been greatly increased and that Calhoun county will give you a majority.

GUY McCURE,

PATTERSON CAME AND CONQUERED—Hon. A. G. Patterson, candidate for governor, spoke at Fort Payne Monday afternoon to a large audience. His forceful manner in presenting his PAY-AS-YOU-GO Plan, together with other vital issues before the body politic at present, won for him many votes here. There is no doubt that Patterson's sentiment is fast growing and crystallizing in this county. He is undeniably one of the most formidable contestants throughout this county.

THE PATTERSON VOLUNTEER CLUB

The folks of this section are just realizing who is at the bottom of the school book trust and school supply monopoly. As a result they are joining the Patterson caravan every day.

"Pay-As-We-Go" for roads and school books at cost are certainly keeping the "Golden Twins" busy dodging the issues.

P. G. COSPER,
(Mayor) Childersburg, Ala.

Keep up your fight on the school book monopoly. Patterson is our man in Clay county. "Every day in every way Patterson is growing stronger and stronger."

D. F. GIBSON,
Lineville, Ala.

I heartily endorse your platform. I believe you are the man for Governor. Go to it. You are going to be the next governor. Elmore county is strong for you.

J. C. BROWN,
Deatsville, R. F. D. No. 1, Ala.

Unmistakably A. G. Patterson's plan, "Pay-As-You-Go" in the road building program is gaining him votes for governor in Dallas county every day, not only that, but everything that he advocates in his platform is financially and economically sound and is decidedly to the best interest of all of the people—more so than that advocated by any other candidate for Governor.

H. F. COOPER,
Pres. Peoples Bank & Trust Co.
Selma, Ala.

Several weeks ago the slogan with most every voter was "Just Anyone to Beat McDowell," but now that has changed, and there is a reason—that reason is that the voters of the county have been given a chance to read Mr. A. G. Patterson's platform, and everywhere it is Patterson and Patterson again.

The voters will listen to the speakers for other candidates for governor, but they all still say "Patterson for Me." We all believe and know that he will get enough first choice votes to be our next governor.

Respectfully,
G. W. BLEDSOE, D. D. S.,
Cullman, Ala.

Having just completed a short

circle tour through Shelby, St. Clair and parts of Talladega counties, I wish to report a decided swinging towards A. G. Patterson, candidate for governor.

The merchants, bankers and farmers by a large majority endorse his clear, concise and businesslike platform. If indications amount to anything, the evidence is pointing definitely to a landslide for Patterson in these counties.

F. H. THURMAN,
Birmingham, Ala.

Patterson's platform appeals to the voters of Clarke county. Patterson is in the lead here for governor.

T. H. TYSON,
Thomasville, Ala.
(Clarke County).

Patterson strong in this county. The people admire the fight he is making in their behalf and they are coming to him in large numbers.

J. E. PARRISH,
Clayton, Ala.
(Barbour County)

Patterson gaining here fast—this section now strong for him.

C. O. MASON,
Pine Hill (Wilcox County), Ala.

Hon. A. G. Patterson is gaining very rapidly in this county. In my opinion, he has gained in last ten days more than all other candidates for governor. Indications are that he will carry this county and adjoining counties by a large plurality.

R. LUTTRELL,
Brewton, Ala.
(Escambia County)

Patterson Headquarters, Birmingham, Ala.

It's Patterson's platform, and the confidence the voters have in him, that is carrying him on to victory in this section.

E. GILBREATH,

Patterson Campaign Headquarters, Birmingham, Ala.

Patterson's invasion of Lamar county on Thursday was a decided success. His speech at Vernon, just after one by McDowell, was enthusiastically received by a large audience and won Patterson hundreds of votes. The people are against the \$75,000,000,000 bond issue and are rallying to the Patterson standard.

C. V. MATTHEWS,
Sulligent, Ala.

Without a question Hon. A. G. Patterson, in his race for governor, has gained more votes in Jefferson county in the last thirty days than any two of his opponents combined. The voters on every hand are praising his matchless platform, his program of economy and business-like administration.

Birmingham, Ala.
HENRY J. MARTIN,

Mr. A. G. Patterson, Birmingham, Ala.
Dear Mr. Patterson:

I find that the propaganda that has been put out by the opposition that you cannot win in falling flat. You are winning—you are beating the field. Your record in business training; your determination to break the ring and restore the state government to the people, where it belongs; your program for education and for building highways without burdensome debt; your promise to put an end to the school book trust and give the people school books at cost to the state—in short, your clear, concise and logical platform, backed up by your consistent record of public service, is so appealing to the people that they are swinging to Patterson by the thousands.

ALBERT C. DAVIS,
Montgomery, Ala.

Patterson is the strongest candidate for governor in this county. The issue now is "a bond issue" or "no bond issue" and Patterson against the field. His speaking in this county last week gained him hundreds of votes and new converts are making other converts.

A. W. NEWSON,
Huntsville, Ala.

I have been firmly planted in the Patterson column for some weeks. Your argument and The Age-Herald arguments have driven it HOME with me long ago.

You certainly did yourself a great deal of good here yesterday. I did not hear you but, today, many Carmichael men—there are practically no McDowell men HERE, have been in to tell me that they were won by your argument and intended to support you.

E. C. ELLISON,
Townley, Ala.

Election Clerks Are Sent To Jail

CHICAGO, Aug. 4.—(AP)—County Judge Jarecki today sentenced four precinct judges and clerks of election to jail for six months for contempt of court. The contempt was founded on false returns certified by the election officials at the April primary.

Already 151 persons, chiefly precinct judges and clerks, have been indicted by the special grand jury as a result of frauds at the primary in Cook (Chicago) county.

Yanks Continue Pace With Win Over White Sox. Crowder Gathers Setback

The old tune "The Yanks are coming" has been altered somewhat to "The Yanks are going," that club is going, going on to a world series unhampered by the other seven clubs in the American league circuit. When that crowd from Gotham's Murderers Row get busy with the bludgeon all other bats in the league are silent in comparison. The Yanks nosed out the White Sox yesterday 7-3 in a hair raising finish in the ninth inning. Gehrig tripled behind Cobb's double and the fracas was settled in favor of the invading easterners. Ruth garnered a pair of singles for his afternoon of wrecking roll. Lazzeri hit his 14th home run of the season with two men aboard the sacks.

In a game featured by six home runs Alvin Crowder went down before the Brown attack. "Goose" Gosling, Separator who was removed from the lineup some days ago for alleged indifferent playing, gathered a pair of circuit variety, the second coming in the eighth inning with a pair on the sacks. The Browns got only eight hits, but four were all the way round.

The Indians certainly selected a setback for their Tuesday contortions on the diamond. The Indians dropped a pair to Boston the first game going ten innings toward an 8-7 verdict. Zahner was in fine form in the last game to shut out the Speakerites with five hits. Boston got a pair of runs in the first inning of the second fracas to sew up things.

The Tigers overcame a Mack lead to cop 4-3. The Tigers entered the ninth inning just three runs behind, they came through with the needed punch to gather a tie. They won in the tenth when Hellman rolled toward short with Blue on third, Blue beat the throw to the plate.

In the National league the Reds broke a Brave jinx to cop a twin bill. The games were two of the best played in the season ending 1-0 and 3-2. Carl Mays pitched the first game, allowing Boston but five hits, while Luque stopped the Brave attack with eight hits in the last fracas.

The Bucs lost little ground by the Bucs standing off the Phillies with a 14-2 win. Bush was on the mound for the Pirates and dropped the Phillies with five blows, two of which went for the

Aggregation To Journey Thursday

A combination of the players of these cities will journey to Hartselle Thursday afternoon to meet Hartselle at the high school grounds at 3:30 o'clock, it was announced today by "Red" Hargrove, manager. Hill, a newcomer, will do the hurling job for the local lads, while Fields will be back of the plate. The lineup was not announced. The game is a return affair with Hartselle, that team having come here on two occasions to furnish baseball for the local folks.

ATTEND Y CAMP

Forty-five women were enrolled at Ki-Y camp, near Vinemont, when the camp was thrown open for the use of the Morgan County home demonstration department. The work was under the leadership of Miss Josephene Eddy, Miss Minnie Welsh and Miss Sally Hamilton. It is proposed that in view of the success of the first camp that it be made an annual affair.

Be Loyal with your vote for Governor

No man in the race for Governor is better known to the voters of Morgan county than A. G. Patterson.

And no man asking public office can better stand the test of intimate acquaintance than A. G. Patterson.

Born, reared, educated and in business in Morgan county, Patterson's every quality is an open book to Morgan county voters. They know him, and because they know him and have dealt with him, they trust him.

Will Morgan county experiment with its vote for Governor? No! It will vote safely. It will be loyal to its own son. Not because of prejudice but because it accepts Patterson's platform as the most constructive and knows Patterson is the man who will stand four-square on that platform when in office.

Be loyal with your vote for Governor. Cast it for Morgan County's son—A. G. Patterson—the man you KNOW and trust.

Because Patterson dares to expose the truth, privileged groups have concentrated their fury upon him, and desperate because of the growth of his winning strength, attempt to injure him by insidious slurs and belittlements and by circulating misstatements and all manner of false rumors about him. The people, determined that their State Government be restored to them, recognize and resent political propaganda and will not be misled by it; THEY ARE WITH PATTERSON NOW AND WILL STAY WITH HIM AT THE POLLS.
